*"Claire strikes the perfect balance of realising the director's vision as well as bringing her own touch to the show. Not only was she resourceful but she was dedicated, passionate, talented, and professional throughout. She has an incredible eye, an excellent sense of story and script and an ability to tune into and contribute on a high level creatively to the look and feel of the series. It looks amazing and a large part of that is due to Claire and her leadership with her wonderful team."*

**Laura Way – Director – The Serial Killer's Wife**

*"I have worked with Claire on two occasions and have no hesitation when it comes to recommending her. Claire has a super team who supported both her and production very well indeed. Nothing was too much trouble and last-minute script changes, and new additions was all handled with professionalism."*
